

KONI SPORT NOW AVAILABLE FOR 2016-2021 HONDA CIVIC

KONI Shock Absorbers is pleased to announce Sport struts and shocks for 2016 – 2021 Honda Civic. Known as the 10th Generation Civic, this new KONI SPORT application will feature rebound adjustable front and rear dampers to both improve handling and refine ride quality. KONI SPORT works well with factory and performance lowering springs. Based the 2016-2021 Civic model and its location of manufacture, there are two different lower front strut knuckles and clamping diameters (50.5 mm and 52 mm) so measuring this diameter is necessary in selecting the proper KONI part number for the car.

Brand/Model	Year	Product	P/N	Vehicle Position
HONDA				
CIVIC (FC/FK chassis) w/ 50.5mm front lower mount diameter excl. Si, Type R & cars with OE magnetic damping system	2016 - 2021	SPORT	8741 - 1609LSPOR	FRONT LEFT
